

POPE JOHN PAUL II CHURCH

9/7/08 CONSTRUCTION UPDATE

All of the exterior walls are up. The trusses will be in place next week, and the roof will be started. Backfill around the church will also be completed within a week. Progress is being made in grading the parking lot.

Labor donation opportunities will be forthcoming. Please call the office (264-5702) and register your name and talent. Planning is now taking place for parishioners who are willing to build book shelves and display cases.

We need volunteers at the JP II site on the following dates:

9:00 am, Saturday September 20th, Prayer Garden clean up.

9:00 am, Saturday September 27th, Open House preparation clean up.

"Meet at the rock" Sunday September 28th will be an open house with coffee and donuts. A guided tour throughout the morning will give everyone a chance to view the construction progress, and to take some of the thousands of rocks home for their mantle, rock garden.

Your prayer support is vital to our progress.

"Lord Jesus Christ, bless the building of the Pope John Paul II Church with your Grace and Mercy. We pray that your protection, wisdom and guidance be with all of the contractors in the timely completion of their work. Bless those responsible for managing the project finances with wisdom and prudence in all expenditures. Enable those with resources to contribute their time, talent and treasure to this 100 year milestone in the Archuleta Catholic community history. We pray that this work will also be blessed by the Immaculate Heart of Mary. We humbly give you thanks for the abundance of your blessings. Amen."

Email the information regarding your talent and availability: immaculate@centurytel.net. Visit the JP II Website for updates and scheduled events. <http://www.popejohnpauliichurch.org/index.cfm>
